TB Testing All cattle, whether from England or Wales, other than those under 42 days of age and those entered in the exempt section, **must have been TB tested within the 60 days prior to movement** (the day of injection is day Zero)

Untested cattle, Only cattle which are not TB restricted, may be moved to the TB exempt section of the market from which unsold cattle may return home.

Please ensure to complete the column to confirm the TB Area in which you're holding is designated i.e Low, Intermediate or High. Cattle from within the Low and Intermediate Areas will be identified during the sale. If you are unsure of your holdings designation, this can be checked on the APHA / DEFRA website.

MONMOUTHSHIRE LIVESTOCK CENTRE IS DEEMED TO BE NEUTRAL TERRITORY, AND THEREFORE WILL NOT AFFECT THE TB STATUS OF CATTLE FROM LOW & INTERMEDIATE AREAS WHICH PASS THROUGH THE PREMISES.

Farm Assurance If you are **BEEF** farm assured please enter below or attach sticker here

Scheme Registration number

By signing this form you confirm that the cattle entered into this sale/shown overleaf have completed the required residency period.

DECLARATION The 'holding' relates to the holding of departure

- The holding is not under movement restriction for bovine tuberculosis (TB)
- Cattle on the holding are not under movement restrictions for other animal disease or public health reasons (excluding any 6 day standstill)
- Withdrawal periods have been observed for all veterinary medicines and other treatments administered to the animals while on this holding or previous holdings
- To the best of my knowledge the animals are not showing signs of any disease or condition that may affect the safety of meat derived from them
- No analysis of samples taken from the animals on the holding or other samples has shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of meat or to substances likely to result in residues in meat
